Plan your learning with UKGBC

Looking to accelerate your learning and development in 2019/20?

UKGBC's learning and development programme features a wide range of exciting face-to-face and online learning opportunities, including site tours, workshops, and masterclasses with industry experts.

Structured across three levels of understanding, our programme offers sustainability learning for professionals working in disciplines right across the built environment.

Level 1-3 courses: April 2019 – March 2020

The following is an overview of upcoming events and courses, be sure to visit our website for confirmed dates and booking details.

LEVEL 1:
RAISING AWARENESS

Bitesize accessible learning offering a grounding in sustainability issues and opportunities for the built environment.

- Webinar: buildings of the future case study: The Active Classroom – Swansea University (2nd May)
- Coursemail: Nature and biodiversity in the built environment (June)
- Coursemail: Advancing Net Zero (November)
- Resource pack launch (February)
- Coursemail: Social value (January)

Our Sustainability Essentials eLearning module is available all year round, click here to sign up.

LEVEL 2:
BUILDING KNOWLEDGE

For those with a base level of sustainability but wanting to explore a key topic in more detail. Onsite tours offered at this level are aimed at professionals who want more practical exposure to lessons learned on projects.

- Workshop: Advancing Net Zero (14th May)
- Webinar mini-series: City policy – successes and innovations in UK cities and New York (23-30 May)
- Onsite learning tour: KAMPUS project Manchester (20th June)
- Insights and innovations webinar series: cities (June/July)
- Workshop: Advancing Net Zero – Scope 3 (29th January)

LEVEL 3:
DEVELOPING EXPERTISE

For sustainability professionals and decision makers who are looking to go further and apply solutions and those who want to understand what sustainable building actually looks like through a live project.

- Immersive learning: Second Nature LIVE (September – November)
- Masterclass: Biodiversity Net Gain (27th November)
- Masterclass: Circular Economy – implementation (18th March)
- Masterclass: Sustainability Leadership – (17th October)
